A vertical photograph on the left side of the page shows a house with a metal roof. The house has a gabled roof with a stone chimney and several windows. The background shows a forested hillside under a clear sky.

Be the envy of the Neighborhood with **Authentic Character** Only Found with EDCO's **Metal Roofing.**

EDCO Metal Roofing protects your most valuable asset – your home and/or business. Our award-winning roofing offers unmatched beauty and durability. It can withstand the most extreme weather conditions – hail, wind, snow, ice, sun and heat – while maintaining its original look for years to come. Home and business owners alike have peace of mind knowing the benefits that come with installing a steel roof, including:

- Unmatched lifetime non-prorated warranty that includes material and labor
- Cool-roof technology that reflects sunlight and absorbs less heat than typical roofing material
- Our metal roofing is 100% recyclable
- UL Class 4 impact rating (highest impact rating available)
- Class A fire rating can be achieved when installed with fire-resistant decking materials
